

REMARKS

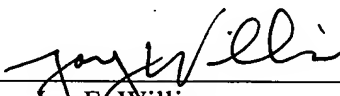

The present Amendment is submitted under the provisions of 37 CFR 1.312.

It is respectfully requested that the present Amendment be entered since the present Amendment will not require any substantial amount of additional work on the part of the Examiner. The Title has been amended to correct a minor grammatical error by adding a comma between "cells" and "proliferative." The change made is non-substantive in nature and does not add new matter.

Therefore, it is respectfully requested that the present Amendment be entered as being directed to matters of form not affecting the scope of the invention.

Respectfully submitted,

Chise MUKAIDANI et al.
